

# EDUCATION

**Education is a project to raise money for school fees**

At present, all the children go to school, but paying for the expenses, including tuition fees, uniforms, exam fees it is extremely challenging. In addition, food and shelter need also to be considered.

We are asking for a small donation to ensure that every one of these children, and potentially more, are guaranteed a childhood with an education which can help fulfill their potential. Currently, the total cost for all eighteen children to attend school, with three terms, a year is 359,100 Kenyan Shillings, approximately \$2,700 USD.

We are asking for more money to ensure the education of the children, the opportunity to sit examinations and to participate in school trips like other school-children and to afford adequate school uniform for at least the following years.

**How does it work?**

By clicking on **DONATE BUTTON** you will be transferred to a platform called M-Changa.

You can donate via Mpesa, Visa, Master Card, PayPal, Equital, and Airtel
