

# LAND

Land is a project to raise money to rescue more street kids

The aim of this project is to rescue up to a hundred children. Therefore a bigger place with facilities is needed.

Buying a new piece of land for our child rescue centre could provide a safe, secure, and nurturing environment for children in need. With careful planning and design, the facility can be tailored to meet the specific needs of the everyone and provide them with the resources and support they need to thrive.

The new land costs around 60,000 USD. We really appreciate your collaboration with this project.

How does it work?

By clicking on DONATE BUTTON you will be transferred to a platform called M-Changa.

You can donate via Mpesa, Visa, Master Card, PayPal, Equital, and Airtel
